The Bronze Horseman is a love story- not to be confused with a romance book. It is about an all-consuming love that you have to be willing to fight for against the worst odds. I went from hating Alexander to loving him back to hating him and then falling in love with him forever.

The Bronze Horseman The Bronze Horseman 1

The bronze horseman is definitely a unique book. Tatiana's and Alexander's love story will take you into an emotional rollercoaster but I don't think that you will regret what you read, at least I didn't.

Review of The Bronze Horseman, by Paullina Simons
Reviewer: Mark Lamendola
This is one of the most spell-binding books I have read in a very long time. Actually, I heard it on cassette, narrated by Kate Burton. Ms. Burton, a stage presence in her own right, is the daughter of Richard Burton. Obviously, the publishers thought highly of this book.

The Bronze Horseman Paullina Simons

"The Bronze Horseman' is the story of two young people in love trying to survive Hitler's vast war machine and a country that could crush their spirits. It is a tale of an impossible love. Where the question is 'how much are we prepared to lose to gain the whole world?'

The Bronze Horseman Audiobook by Paullina Simons

I have loved The Bronze Horseman for many years, and was happy to find it on Audible. However I am finding the voice actor very annoying. Firstly, at least half this book is narrated from the viewpoint of Tatiana, and the voice actor is a male.

Book Review The Bronze Horseman by Paullina Simons

The Bronze Horseman (The Bronze Horseman Trilogy) I don't have much experience with historical romance novels. In fact, I tend to bypass them, and in all honesty, I don't even know WHY I usually choose to skip them for something contemporary.
