Urban Fantasy This series is set in the same world as the Mercy Thompson Series, but on a slightly earlier time line. It begins with a novella titled Alpha and Omega published in the On the Prowl anthology. The decision to continue the story was made after the anthology had already been published, which has caused some confusion, since "book 1" is actually a continuation of the short story.

Moon Called Mercy Thompson 1 by Patricia Briggs

It pains me to say this (and I may lose my "guy" cred), but I'm a big fan of the urban-fantasy sub-genre. While I tend to lean more towards male protagonists (i.e. Butcher's Dresden Files and Green's Nightshade series), I still love me a good, tough female protagonist. That being said, I was hesitant to pick this one up because of the abysmal Harlequin like cover.
