The Problem of Pain answers the universal question, "Why would an all-loving, all-knowing God allow people to experience pain and suffering?" Master Christian apologist C.S. Lewis asserts that pain is a problem because our finite, human minds selfishly believe that pain-free lives would prove that God loves us.

The problem of pain exists because (1) god is all powerful and (2) all good, but (3) his creatures are not happy. Omnipotence. Doesn't mean power to do nonsense. "Be orange and not orange at the same time." "Draw a rounded corner." Cannot change nonsense just by throwing god's name in.
