Divorce Wikipedia

Divorce, also known as dissolution of marriage, is the process of terminating a marriage or marital union. It usually entails the canceling or reorganizing of the legal duties and responsibilities of marriage, thus dissolving the bonds of matrimony between a married couple under the rule of law of the particular country or state.

Divorce laws vary considerably around the world, but in most

The Effects of Divorce on Children Parenting 24 7

Probably one of the most frequently asked questions over the last two decades about family life has been, "Is divorce harmful to children?" Although this may seem like a very important question, I would suggest that it is time to examine a more important question which is-- "what are the factors in divorcing families that contribute to children having difficulties and what are the factors that
