Praise for *Lucky Us* *Lucky Us* is a remarkable accomplishment. One waits a long time for a novel of this scope and dimension, replete with surgically drawn characters, a mix of comedy and tragedy that borders on the miraculous, and sentences that should be in a sentence museum.

Lucky Us by Joan Silber Goodreads Share book

Lucky Us is a deceptively simple book told in two voices. The Buddhist concept that everything is already broken so we can let go of some of the striving and pretending comes through as the understated spiritual message.
