The Camino A Journey of the Spirit Shirley MacLaine

Fascinating journey along the Camino, which I hope to do someday. I hadn't realized the depth of Shirley MacLaine's spiritual experiences before reading this book, but the visions she has of past-life experiences were really fascinating. Another great account of the Camino is Walking Home by Sonia Choquette.

I had read half a dozen books about the Camino before I went and did it myself, so when I returned home I thought I better read this Spiritual Book of Shirley MacLaine's.
