The Animal Manifesto Six Reasons for Expanding Our

The Animal Manifesto is a good introduction to animal rights, but not recommended for the experienced activist. It covers basic issues such as factory farms, animal sentience, and the use of animals in science, but spends a surprisingly large number of words talking in circles and reiterating previous points.

The Animal Manifesto Six Reasons for Expanding Our

Any manifesto on behalf of animals must begin with this essential proposition, from which everything else flows. All animals, all beings, deserve respectful consideration simply for the fact that they exist. Whether animals think and feel, and what they know, is irrelevant.

The Animal Manifesto Six Reasons for Expanding Our

I see The Animal Manifesto as a must-read for all high school students, especially in the social sciences and ethics, and for all who keep animals and work with them. It is also a book to be treasured by animal lovers and those concerned about animal suffering and social justice.

THE ANIMAL MANIFESTO newworldlibrary.com

The Animal Manifesto is Marc Bekoff's gentle challenge that we all go a little further in extending the boundaries of our compassion toward nonhuman animals. I found it hard to resist the call of a work so brimming with awe, insight, and optimism concerning the creatures who share our world.

Resurgence Article The Animal Manifesto

The animal manifesto is a call for gentle action, and as we save other animals, we will be saving ourselves. When we listen to what animals need and want from us we can learn a lot about ourselves too.

The Animals Vegan Manifesto by Sue Coe Goodreads

Powerful images, some heartbreaking when you take in the content / intent, others hopeful and encouraging. This tiny book really packs a powerful punch for a world of no cruelty and slaughter, for a world unified in respect for all creatures. Even though there are almost no words in The Animals' Vegan Manifesto, the message is clear.
