Romance novel Wikipedia

Although the genre is very old, the romance novel or romantic novel discussed in this article is the mass-market version. Novels of this type of genre fiction place their primary focus on the relationship and romantic love between two people, and must have an "emotionally satisfying and optimistic ending." There are many subgenres of the romance novel, including fantasy, historical romance

Novel Wikipedia

A novel is a relatively long work of narrative fiction, normally written in prose form, and which is typically published as a book.. The entire genre has been seen as having "a continuous and comprehensive history of about two thousand years", with its origins in classical Greece and Rome, in medieval and early modern romance, and in the tradition of the Italian renaissance novella.
