Dragons of a Vanished Moon by Margaret Weis Goodreads

Dragons of a Vanished Moon book continues exactly from where Dragons of a Lost Star leaves off. I became involved in the story right away and zoomed through the book. A character that wasn't used very much in the two preceding stories now becomes a main character; Mirror the blind, silver dragon.

However, while there isn't much left to write about in Dragons of a Vanished Moon, the scenery is beautiful. There is an Elven exodus across the "plains of dust," stubborn Solamnic knights, cunning dragons, plotting wizards, and a full helping of Kender antics as Tasselhoff assumes the role of fly in the dark queen's ointment.

Dragons of a Vanished Moon Audiobook by Margaret Weis

What disappointed you about Dragons of a Vanished Moon? The reading of the text was abysmal. What was the most interesting aspect of this story? The least interesting? The character of Mina and her (spoiler) misguided devotion was interesting. The constant overt reminder that (spoiler) the gods had left Krynn was a bit boring.
