Publishing Wikipedia

Publishing is the dissemination of literature, music, or information the activity of making information available to the general public. In some cases, authors may be their own publishers, meaning originators and developers of content also provide media to deliver and display the content for the same. Also, the word publisher can refer to the individual who leads a publishing company or an

Predatory open access publishing Wikipedia

Predatory open-access publishing is an exploitative open-access academic publishing business model that involves charging publication fees to authors without providing the editorial and publishing services associated with legitimate journals (open access or not). The idea that they are "predatory" is based on the view that academics are tricked into publishing with them, though some authors
