

FRANKENSTEIN THE BOOK

RELATED BOOK :

Frankenstein by Mary Wollstonecraft Shelley Goodreads

Mary Shelley began writing Frankenstein when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, Frankenstein tells the story of committed science student Victor Frankenstein.

Book Summary CliffsNotes Study Guides

The novel begins with explorer Robert Walton looking for a new passage from Russia to the Pacific Ocean via the Arctic Ocean. After weeks at sea, the crew of Walton's ship finds an emaciated man, Victor Frankenstein, floating on an ice flow near death. In Walton's series of letters to his sister in England, he retells Victor's tragic story.

Amazon com Frankenstein 8601404200397 Mary Shelley Books

Victor Frankenstein had a really difficult life, but I'm not if it was a good idea by the author to write it in such a repetitive way! but on the other hand - it was an absolutely different style from the books I usually read, so also a good thing.

Frankenstein Shmoop

Frankenstein is basically responsible for the genre of science fiction, has seared our collective cultural imagination, has inspired countless monster movies (Tim Burton's among them), Halloween costumes, parodies, TV characters (think shows like Scooby Doo and The Munsters), and achieved all-around legend status.

Frankenstein Barnes Noble Classics Series by Mary

Frankenstein is the simple best book ever written (in my opinion). It relates to various sides of our lives, it is philosophical and exciting to read. It should be a must read for humanity because it teaches important lessons for life.

Frankenstein Book Review Common Sense Media

From the hindsight of 200 years, there's much to mock in this book, and the prose can be a slog by today's standards. But the story and its philosophical issues are no less compelling today than they were when Mary Shelley wrote FRANKENSTEIN, as evidenced by the fact that they recur in so many books, movies, and TV plots to this day.
