God's Number Is Up Michael Shermer

One of the most innovative works in this genre is The Probability of God (Crown Forum, 2003), by Stephen D. Unwin, a risk management consultant in Ohio, whose early physics work on quantum gravity showed him that the universe is probabilistic and whose later research in risk analysis led him to this ultimate computation.

The Probability of God Joe Carter First Things

That is the question British theoretical physicist Stephen Urwin attempts to answer in his book, The Probability of God. By applying Bayesian probabilities , a statistical method devised by eighteenth-century Presbyterian minister and mathematician Thomas Bayes , Urwin attempts to determine the probability of God s existence.
