Fantasy Life by Kristine Kathryn Rusch Goodreads

It has a very misleading cover, but it was a good story, yes there were fantasy creatures, but all were water based, there are no unicorns or dragons in it lol! Environmentally themed. I would definitely read more of this author.

Fantasy Life All About Romance

Fantasy Life is interesting and at times quite entertaining, and if you like books in which fantastic elements erupt into everyday life you will probably enjoy it. I think that it could have used some severe editing to cut out the repetition and extraneous fluff.

Fantasy Life Guidebook FantasyLife3ds reddit com

If there's a fantasy life strategy guide released for the US, I'm totally getting it at some point. Because of the pictures. I'm weird that way. If there are pictures of the items, I buy books. That's why I have a copy of the useless Dragon Quest VIII guide book (why would you make a strategy guide that is spoiler free?)
