WAIT! before you continue scrolling thinking that this review isn't applicable to you, READ ON (if you just want the Wella info, scroll towards the last couple paragraphs lol) SO, after two bleach washes, one full on bleaching, and failing miserably with 2 Wella toners (t18 and t14) My hair basically remained the same shit shade of yellow/orange. The toners not working was my own fault because I hadn't, and couldn't, bleach my hair any lighter.

### **Wella Koleston Perfect Permanent Creme Haircolor 1 1 Hair**

Wella color has great pigment, but it is really hard to get it out of the hair in order to lighten or change the color. The hair feels good, but not great after using this color. The price point on this is good, but it is just not my first choice.

### **Wella Color Charm Permanent Liquid Toner Reviews 2019**

You need to get your hair to a light color to use it. My most recent Wella use was on a very yellow tinted light blonde (after one bleaching session on brown hair). Follow the instructions on the box and boom, no more yellow! My hair is now a super light blonde with no yellow tint.

Comments about Wella Color Charm Hair Color: Okay I don't use the Royal Blonde, but I do use Wella Color Charm. I favor the Sandy Gold. Color Charm is one of the best demi-permanent colors you can find at the beauty store.

I love Wella Color Charm hair color. I use the Black Cherry shade. The color comes out beautifully and doesn't damage the hair at all. I use it with volume 20 developer to deposit the color. I dye my hair darker, so I don't need a high volume of peroxide; I'm a natural dark blonde.
