Anatomy of the Spirit The Seven Stages of Power and

What sets Anatomy of the Spirit apart is Carolyn Myss's ability to blend diverse religious and spiritual beliefs into a succinct discussion of health and human anatomy. For example, when describing the seven energy fields of the human body, she fuses Christian sacraments with Hindu chakras and the Kabbalah's Tree of Life.

Boost Spirit

A customization point is a code construct that the user can leverage to specialize how a particular library action is handled. A common way of implementing this in C++ is to define a template with the default behavior, and let users specialize it for their own types e.g., `std::hash`. This is the story of Spirit X3 and how it lets you specialize customization points without ever leaving
