Tectum Wikipedia

The tectum (Latin: roof) is a region of the brain, specifically the dorsal (top) part of the midbrain (mesencephalon). The position of the tectum is contrasted with the tegmentum, which refers to the region ventral (lower) to the ventricular system. The tectum is responsible for auditory and visual reflexes. The optic tectum projects through the reticular formation and interacts with motor

Phobia Wikipedia

A phobia is a type of anxiety disorder, defined by a persistent and excessive fear of an object or situation. The phobia typically results in a rapid onset of fear and is present for more than six months. The affected person goes to great lengths to avoid the situation or object, to a degree greater than the actual danger posed. If the feared object or situation cannot be avoided, the affected
