Instant noodle Wikipedia

Instant noodles are a noodle dish, sold in a precooked and dried noodle block, with flavoring powder and/or seasoning oil. The flavoring is usually in a separate packet, although in the case of cup noodles the flavoring is often loose in the cup. Some instant noodle products are seal packed; these can be reheated or eaten straight from the packet/container.

Instant runoff voting Wikipedia

Instant-runoff voting (IRV) is a type of preferential voting method used in single-seat elections with more than two candidates. Instead of voting only for a single candidate, voters in IRV elections can rank the candidates in order of preference. Ballots are initially counted for each elector's top choice, losing candidates are eliminated, and ballots for losing candidates are redistributed
