How to Upload a File 4 Steps with Pictures wikiHow

Step 1, Find a site that will allow you to upload your file to their server. There are many websites designed for this purpose and no one is best for all users and all files. In deciding which one to use consider: What type of files will they accept. For example, most sites don't allow porn, while others specialize in it. Almost all have maximum file sizes. Do they have enough bandwidth? How much do Step 2, Click on 'browse'. Step 3, Find and select the file you want to upload.
