### **Gentleness Wikipedia**

Gentleness is the value and quality of one's character. Being gentle has a long history in many, but not all cultures. Gentleness is considered to play a very important role in life. The quality of gentleness is colloquially understood to be that of kindness, consideration and amiability. Aristotle used it in a technical sense as the virtue that strikes the mean with regard to anger: being too

What amazed me wasn't just the speed with which we obtained precisely the information we needed to know, right when we needed to know it. It was also the immense inner sense of security that comes with discovering that real people--most of them parents, some of them nurses, doctors, and midwives--are available, around the clock, if you need them.

### **Chocolate Wikipedia**

Chocolate is a usually sweet, brown food preparation of roasted and ground cacao seeds. It is made in the form of a liquid, paste, or in a block, or used as a flavoring ingredient in other foods. The earliest evidence of use traces to the Olmecs (Mexico), with evidence of chocolate beverages dating to 1900 BC. The majority of Mesoamerican people made chocolate beverages, including the Maya and
