Mind Games Mind Games 1 by Kiersten White

Mind Games (or Sister Assassin in the UK) is the first book in White's new series of the same name. I've read her Paranormalcy trilogy, and for the most part enjoyed it's fluffy heroine, Evie. I assumed Mind Games would be similar, and prepared myself for a book filled with silly humor and sparkly characters.

Mind Games Book 1 Book Review Common Sense Media

Parents need to know that Mind Games is the first installment in a new psychological thriller series by Kiersten White. The book contains a fair bit of intense violence (one of the protagonists is a teenage assassin for a covert organization), including deaths by bombs, weapons, and hand-to-hand combat.

Mind Games The Disillusionists 1 by Carolyn Crane

With Mind Games, Carolyn Crane somehow manages to take the common tropes of female lead urban fantasy and turn them askew in a very appealing fashion. This book has no vampires, werewolves, or faeries.
