A Royal Pain Unruly Royals 1 by Megan Mulry

A Royal Pain is a great example of how to take a fantastic premise and utterly fuck it up in the execution. In this case the premise is "girl meets boy, they fall in love, boy is secretly a duke," which, YES, I will read the hell out of that book and I am not ashamed.

This is the second offering which appears to becoming a series, which is a good thing for readers of this particular genre, as they are quite good.
