The Best Books on Game Theory Five Books Expert

The book which, in my opinion, is so much waiting to be written is a book that will criticise game theory. Not from a sociological point of view, not a personality analysis of people like Aumann or Shapley or Schelling or whoever, but a purely intellectual analysis.

19 Best Game Theory Books to read in 2019 upjourney com

Game Theory is a study of conflict between thoughtful and potentiality deceitful opponents. This may make it sound like the game theory is a branch of psychology rather than mathematics. Not so: because the players are assumed to be perfectly rational, game theory admits of precise analysis.
