

THE PLAGUE CAMUS REVIEW

RELATED BOOK :

The Plague Wikipedia

The Plague (French: La Peste) is a novel by Albert Camus, published in 1947, that tells the story of a plague sweeping the French Algerian city of Oran. It asks a number of questions relating to the nature of destiny and the human condition. The characters in the book, ranging from doctors to vacationers to fugitives, all help to show the effects the plague has on a populace.

Bubonic plague Wikipedia

Bubonic plague is an infection of the lymphatic system, usually resulting from the bite of an infected flea, *Xenopsylla cheopis* (the rat flea). In very rare circumstances, as in the septicemic plague, the disease can be transmitted by direct contact with infected tissue or exposure to the cough of another human. The flea is parasitic on house and field rats, and seeks out other prey when its

The Stranger by Albert Camus Goodreads

The book is simply written and a rather quick read, but the depth Camus manages to convey through this simplicity is astounding. I think a problem a lot of people have with this book is that they fail to look beyond the whole "what is the meaning of life" message.
