Developing country Wikipedia

A developing country (or a low and middle income country (LMIC), less developed country, less economically developed country (LEDC), or underdeveloped country) is a country with a less developed industrial base and a low Human Development Index (HDI) relative to other countries. However, this definition is not universally agreed upon. There is also no clear agreement on which countries fit

Balance accounting Wikipedia

In banking and accounting, the outstanding balance is the amount of money owed, (or due), that remains in a deposit account. In bookkeeping, balance is difference between the sum of debit entries and the sum of credit entries entered into an account during a financial period. When total debits exceed total credits, the account indicates a debit balance.
