### **Beekeeping 101 DIY Beekeeping Supplies Plans and Ideas**

You have to imagine a honey bee colony as a sphere in this space rather than a collection of combs hanging from the top. Your bees in your beehive will construct their nest in very much the same way. Honey on top, pollen surrounding the brood nest and brood near the bottom. Keep that arrangement in mind.

### **How to Get Started Beekeeping with Pictures wikiHow**

Feed your bees as necessary. There may be a slight gap in time between when you introduce your bees to their hive and plants begin producing nectar. During these few weeks, feed your bees with a 1:1 mixture of water and sugar. Punch holes in the top of the hive and hang small food jars with the mixture from them.
