15 books about shapes Gift of Curiosity

While many shapes books focus on basic geometric shapes, this book uses simple language and beautiful photographs to highlight the many shapes and patterns in the natural world. For example, the author starts with stars in the sky, but then finds stars in an orange, starfish, and snowflake as well.

Felt Book of Shapes Plain Vanilla Mom

Then I went through and cut out felt shapes. Star, heart, circle, rectangle, square and triangle. Again, all by hand except for a couple shapes that I used cookie cutters to trace. I decided on cutting out two of each shape from any given color so that not only would the little Mister have a book of shapes but he could do some matching too.
