Tripwire Jack Reacher 3 by Lee Child

Child's book 'Tripwire' is an absolutely amazing read!! It seems each of his Jack Reacher novels is so unique all by itself; every time I read one, I think it can't get any better, and yet it does. Contrary to opinions by others about some of his books, I've loved every single one of them.

Tripwire by Lee Child Summary and reviews

Tripwire is fast-paced and plausible, a combination that pulls the reader in and holds through the duration of the tale. The race between Reacher and Hobie is an attention-grabbing contest of both wits and time. The book includes a bang-up finale, which makes the reader sit back and gasp with both wonder and understanding.
