## RELATED BOOK :

### **QF32 by Richard de Crespigny Goodreads Share book**

This book is awesome. I've read it a number of times. It's an interesting first person perspective of the "incident" on QF32 combined with a mini biography. If you don't know the details behind the story you could either Google it, or do yourself a favour and read this book.

### **QF32 m Richard De Crespigny 9781742611174 Amazon com Books**

This first half of the book covers the pilot life of the Captain, Richard de Crespigny prior to the QF32 incident. His aviation experience probably contributed the skills necessary to save the passengers and land the Airbus 380 safely.

### **Book Reviews QF32**

QF32 is the most gripping aviation book I have read in years. This is a riveting blow-by-blow account of what happens when things go seriously wrong in the air. QF 32 is a story of confidence, courage and defiance in the face of unexpected and unprecedented risks and their improvised solutions.

**QF32 Captain's Extraordinary Account of How One of the**

The book is well written but is written to promote the author's self interest. I know from my own research that the QF32 event did not occur exactly as described and is written the way it would have been handled by a captain in a perfect world.
