Sociology of space Wikipedia

The sociology of space is a sub-discipline of sociology that mostly borrows from theories developed within the discipline of geography, including the sub fields of human geography, economic geography, and feminist geography. The "sociology" of space examines the social and material constitution of spaces. It is concerned with understanding the social practices, institutional forces, and

Sports Sociology of sports Britannica com

Sociology of sports. Although the German scholar Heinz Risse published Soziologie des Sports (Sociology of Sports) in 1921, it was not until 1966 that an international group of sociologists formed a committee and founded a journal to study the place of sports in society. Since then, many universities have established centres for research into the sociology of sports.
