

TEACHERS MATH BOOK

RELATED BOOK :

What's Math Got to Do with It How Teachers and Parents

I have recommended this book to so many people already. I homeschool my kids, and this book has turned me into a total math geek. I understand now why I became so frustrated with math in high school, and and working with my kids to instill a real love of numbers and mathematics.

Mathwire com March 2011

Students will complete open-ended problems in both classroom and state testing situations, most likely under timed conditions. Teachers should continue to use a combination of the writing process approach (to grow better math writers) and the independent response situation, in which students must apply good practices to producing their best responses under test conditions.
