The Time Machine Wikipedia

The Time Machine is a science fiction novella by H. G. Wells, published in 1895 and written as a frame narrative. The work is generally credited with the popularization of the concept of time travel by using a vehicle that allows an operator to travel purposely and selectively forwards or backwards in time.

The Time Machine Fourmilab

In his preface the Time Traveller came back, and Filby's anecdote collapsed. The thing the Time Traveller held in his hand was a glittering metallic framework, scarcely larger than a small clock, and very delicately made.

SparkNotes The Time Machine Analysis

The Time Machine has two main threads. The first is the adventure tale of the Eloi and Morlocks in the year 802,701 AD. The second is the science fiction of the time machine. The adventure story includes many archetypal elements.

The Time Machine by H G Wells Paperback Barnes Noble

The Time Machine tells us of the future and how it can be drastically different than how we may predict it to be. Many people talk of flying cars and robots, but the Time Traveler sees something different. The Time Traveler is the main character in the book and has figured out how to build a time machine.

Amazon com The Time Machine SF Masterworks

Considering when this book was written even the concept of the time machine itself is remarkable. (BTW, the depiction of the machine and its use may be the most compelling reason to watch the film.) Wells doesn't need to rely on the graphic horror and violence that seems to be the staple of today's authors.

The Time Machine by Shirley Bogart goodreads com

This book was a pretty good mixture of action, adventure, and suspense. I liked the book because, well mostly because of the setting, characters, the time machine, and the fact that the book was mostly in the year 802,701 A.D.

Book Review The Time Machine pinatamagazine com

The Time Machine has taken on multiple different appropriations and stylizations from radio dramas to a 1960s movie and even a 2002 remake. The story lives on in our hearts and mind as we wonder what tomorrow will bring.

The Time Machine Summary Shmoop

The guests mostly don't believe the Time Traveller, though, not even after he makes a model Time Machine disappear and then shows them the full-scale machine. The following week, the Time Traveller is a half hour late to his own dinner party.
