Book Summary Love and Respect by Dr Emerson Eggerichs

Love and Respect Summary Yes, love is vital, especially for the wife, but what we have missed is the husband's need for respect. No husband feels fond feelings of affection and love in his heart when he believes his wife has contempt for who he is as a human being. Wives are made to love, want to love, and expect love.

Love And Respect By Eggerichs Book Review

Love And Respect by Dr. Emerson Eggerichs is a phenomenal marriage tool that should be in the hands of every husband and wife. This book has drastically changed my approach to marriage, especially helping my husband and I understand each other and our responses a bit better.

Love and Respect The Love She Most Desires The Respect

I think this book does well to highlight that love and respect are, indeed, very key aspects of relationships (for both partners, btw: women also need respect, and men also need love). I completely see how some, without a critical eye of the book, are positively impacted by the message.

Love Respect By Emerson Eggerichs Audiobook download

The book taught the importance of respect for most men and the importance of love being shown to a wife for most women. I thought it was a fairly balanced book. I do believe there is a lot of overlap because women do want respect and men do want love but it helped to know how to get out the craziness of a relationship that is not balanced.
