United States federal government shutdown of 2013 Wikipedia

The United States Constitution requires government spending be approved in bills passed by the United States Congress. Some government functions such as the Federal Reserve System are completely self-funded. Others, like Social Security and Medicare, are partially self-funded but may be subject to administrative shutdowns and failures if the government fails to meet its financial obligations.

National debt of the United States Wikipedia

The national debt of the United States is the debt, or unpaid borrowed funds, carried by the federal government of the United States, which is measured as the face value of the currently outstanding Treasury securities that have been issued by the Treasury and other federal government agencies. The terms national deficit and national surplus usually refer to the federal government budget
