Georgette Heyer's Frederica is an entertaining and charming read. So I give away my secret: sometimes I just need a silly and tender romance to forget about the hard realities of life. Frederica is a Regency romance novel by Georgette Heyer. The story is set in 1818. The plot is typical of several later Heyer romances in counterpointing the courtships of an older and a younger couple, with variation provided by the antics of Frederica's younger brothers and their boisterous mongrel.

### **Frederica by Georgette Heyer Paperback Barnes Noble**

Frederica was a pretty charming read, though I sometimes got bogged down by all the historical details that Georgette Heyer throws in. Not only are there balls and gowns, but she includes tidbits on foundries, hot air balloon exhibitions, and rheumatic fever.

### **Frederica book by Georgette Heyer Thriftbooks**

"Frederica" is no exception, and has become one of my favorite books by Ms. Heyer. Frederica Merrivale travels to London with her beautiful younger sister Charis, her three younger brothers Harry, Jessamy and Felix, their way too overgrown and exuberant puppy Lufra, and their man-hating Aunt Scrabster.

Frederica Quotes. Want to Read saving Georgette Heyer, Frederica. 3 likes. Like Believe me, it is quite unnecessary! I neither know nor care what it cost to redeem Lufra and if you badger me on this very boring matter I shall not invite you to go with me when I try out my new team!

### **Frederica by Georgette Heyer Modern Mrs Darcy**

Frederica is one of Heyer's best heroines - resourceful, funny, and intelligent. And the way she and her cast of hilariously demanding younger siblings take down the bored Marquis of Alverstoke? Priceless. Watching him transform from a top-lofty dilettante into someone who cares deeply about Frederica and her family is irresistible."
