RELATED BOOK :

Project Management Professional Certification PMP

The Project Management Professional (PMP) is the most important industry-recognized certification for project managers. You can find PMPs leading projects in nearly every country and, unlike other certifications that focus on a particular geography or domain, the PMP is truly global. As a PMP, you can work in virtually any industry, with any methodology and in any location.

Semiconductor Wikipedia

A semiconductor material has an electrical conductivity value falling between that of a metal, like copper, gold, etc. and an insulator, such as glass. Their resistance decreases as their temperature increases, which is behaviour opposite to that of a metal. Their conducting properties may be altered in useful ways by the deliberate, controlled introduction of impurities ("doping") into the
