Form 1099 Wikipedia

Form 1099 is one of several IRS tax forms (see the variants section) used in the United States to prepare and file an information return to report various types of income other than wages, salaries, and tips (for which Form W-2 is used instead). The term information return is used in contrast to the term tax return although the latter term is sometimes used colloquially to describe both kinds

What is a 1099 Form with pictures wisegeek com

On a typical 1099 form, such as the 1099-MISC, the income earned will be noted, but there will not be any deductions for federal or state income taxes, nor will any deferred compensation, Social Security or medical deductions that can be noted. The 1099 form's recipient is not an employee of the business, so the business is obligated only to tender the income to the contractor without any
