The 16 Personality Type Profiles Truity

The 16 personality types were created by Isabel Myers and Katharine Briggs as a way to categorize an individual according to their preferred way of thinking and behaving. Each personality type is designated with a four-letter code, like INFP or ESTJ, which is an acronym for the four key dimensions of personality.

Personality type Wikipedia

Personality type refers to the psychological classification of different types of individuals. Personality types are sometimes distinguished from personality traits, with the latter embodying a smaller grouping of behavioral tendencies. Types are sometimes said to involve qualitative differences between people, whereas traits might be construed as quantitative differences.
