Killing Kennedy The End of Camelot Bill O'Reilly's

Really enjoyed Killing Kennedy! This was the first book I have read on JFK and his life and assassination. Glad I went with this one because it was written so concisely. A very easy read that you could finish within a week or two. As others have mentioned, this is a good JFK starter book.

Killing Kennedy The End of Camelot by Bill O'Reilly

I read his previous book, Killing Lincoln, a year or so ago and while it did not contain much in the way of new information as it claimed, the book was actually well written and held my interest. Killing Kennedy did neither. In the introduction, Mr O'Reilly claims he will "cut through the fog and bring you the facts".

Killing Kennedy TV Movie 2013 IMDb

Little if any makes sense in this story, but the real clincher is Jack Ruby's absurd scene of the teary eyed mobster all broken up for Jackie Kennedy's ordeal! Come on, give us a break! I think Lowe's portrayal is the best there's ever been, he really looks the part, but it will be forgotten in the movie's general feel of mainstream official story.
