Inventory Wikipedia

Inventory (American English) or stock (British English) is the goods and materials that a business holds for the ultimate goal of resale (or repair).. Inventory management is a discipline primarily about specifying the shape and placement of stocked goods. It is required at different locations within a facility or within many locations of a supply network to precede the regular and planned

Beware of Chain Marketing AbhiSays com

Recently I have been approached by some of my close friends to join some chain marketing company. Normally, chain marketing companies works on the principle of Pyramid Scheme. A pyramid scheme is a non-sustainable business model that involves the exchange of money primarily for enrolling other people into the scheme.
