### **The Coven Sweep 2 by Cate Tiernan Goodreads**

The Coven is the second book in the sweep series, and though I enjoyed reading it it was not as good as the first book, Book of Shadows. The book begins each chapter with entries in the Book of Shadows of Morgan's mother then goes into the main story.

### **The Coven Beatrice Scarlet 2 by Graham Masterton**

The Coven by Graham Masterton is the second in the Beatrice Scarlett series. I enjoyed reading this novel and would have scored it higher had it not had so many rape scenes. However, as with the first, the book contains great characters, description and use of words.
