Depending whether one is more interested in flowers or "weeds," one will want to pick up different books.

Weeds of the Northeast is not, for example, state of the art as regards invasive species, but the second edition of Kaufman & Kaufman's *Invasive Plants* complements it nicely in that regard.

Weeds Profile Books

About the book. They are civilisations' familiars, invading farmland and building-sites, war-zones and flower-beds across the globe. Yet living so intimately with us, they have been a blessing too. Weeds were the first crops, the first medicines. Burdock was the inspiration for Velcro. Cow parsley has become the fashionable adornment of Spring weddings.
