Geoengineered Winter Weather The Chemical Ice Nucleation

The climate engineers have the power to chemically cool-down surface temperatures when enough atmospheric moisture is available to them. The more heavily and extensively the geoengineers utilize chemical ice nucleating materials, the more extreme the surface cooling that they can create. This is not

What Causes Outages Nova Scotia Power

There are many reasons the power to your home or business might go out, including factors that are both in and out of our control. We work hard every year to reduce the number of outages by making investments in new technologies, equipment upgrades and replacements, and even tree trimming to help make the electrical system more reliable.
