Roadside Picnic by Arkady Strugatsky

A picnic. Picture a forest, a country road, a meadow. Cars drive off the country road into the meadow, a group of young people get out carrying bottles, baskets of food, transistor radios, and cameras. They light fires, pitch tents, turn on the music. In the morning they leave.

Review Roadside Picnic by Arkady and Boris Strugatsky

While Roadside Picnic is a short novel, it says a lot, and I feel as if I have barely scratched the surface. It was written in Soviet era Russia, and my copy contains an interesting afterword about how many hoops a writer had to jump through to get anything published.

Roadside picnic series release date last news review

Roadside picnic series. The series Roadside Picnic was no exception, because it is created based on the story of the same name by the Strugatsky brothers who wrote it back in 1972. By the way, that fact that the guru of American cinematography were so interested in russian authors , that they took on the adaptation, makes the film even more anticipated.

Roadside Picnic Rediscovered Classics amazon com

Roadside Picnic is a great book. It has all the tension of a thriller, all the science of a science fiction, all the character development of a great literary novel and it is an exciting audiobook. The Forward by Ms. Le Guin is really important to listen to before the book itself.

Roadside Picnic the switching of POV and tense

I couldn't have read Roadside Picnic at a better time. If POV *and* POV character *and* tense can all be switched in the same book, and in different combinations, then switching POV character while staying in first person, present tense is also possible.
