The Stairway to Heaven Book II of the Earth Chronicles

Stairway to Heaven (S2H) is a continuation of the 12th Planet series of books. It is recommended that you read the 12th Planet by Zecharia Sitchin before starting this book. That book starts with Sumer and its writings and legacy. All of the mythology that we have down to modern time seems to be a repeat of the Sumerian stories (with the names changed).

The Stairway to Heaven Book II by Zecharia Sitchin

This book is for the open minded researchers out there. It contains lot's of facts, illustrations, and some difficult to grasp ideas and opinions. The biggest thing this book taught me was that ancient civilizations weren't composed of unintelligent apes just because they were ancient. In fact, their intelligence probably equaled or exceeded our own.
