How to Build a Time Machine by Paul Davies Goodreads

Contrary to the misleading title, this book does not contain any helpful schematics or step-by-step instructions to build a time machine. Once I recovered from my overwhelming disappointment, I enjoyed the simple (though deep) discussions of the different venues that could result in time travel.

How to Build a Time Machine by Paul Davies

I read H.G. Wells book The Time Machine as a teenager, and I've often fantasised about travelling in time. In the mid-1970s the American science fiction writer Greg Benford came to see me to ask some technical questions about time travel and time reversal.
