Saturn Run, John Sandford's new novel, is quite a departure for the bestselling thriller writer, who sets aside his Lucas Davenport crime franchise (Gathering Prey, 2015, etc.) and partners with photographer and sci-fi buff Ctein to leave Earth's gravitational field for the rings of Saturn. The year is 2066.

### **Storm Prey Lucas Davenport Series 20 by John Sandford**

Storm Prey is the twentieth Prey police procedural, but retains the freshness of the series opening act (see First Prey) as this case is personal. There is plenty of action in the plot as explosions and violence frequently occur; not not enough to turn off the audience.

**Storm Prey eBook Hamilton Public Library BiblioCommons**

Storm Prey is a poorly written book in my opinion. The plot is weak and the characters have unrealized potential. The excessive use of profanity and unnecessary violence makes the book barely tolerable.
