I freely admit it like a great many people these days, I have a social media addiction. My drug of choice, Twitter, can seem like a particularly schizoid means of acquiring and sharing information (or knee-jerk opinion, rumor, innuendo, nonsense, etc.) and a particularly accelerated form of distractibility that never, ever sleeps.

Helping Children Succeed What Works and Why

Because noncognitive qualities like grit, curiosity, self-control, optimism, and conscientiousness are often described, with some accuracy, as skills, educators eager to develop these qualities in their students quite naturally tend to treat them like the skills that we already know how to teach: reading, calculating, analyzing, and so on. And as the value of noncognitive skills has become
