Human resource management Wikipedia

Human resource management (HRM or HR) is the strategic approach to the effective management of people in an organization, so that they help the business gain a competitive advantage. Commonly known as the HR department, [by whom?] it is designed to maximize employee performance in service of an employer's strategic objectives. [need quotation to verify] HR is primarily concerned with the

What is Human Resources HR What is Human Resource

Human resource management is a contemporary, umbrella term used to describe the management and development of employees in an organization. Also called personnel or talent management (although these terms are a bit antiquated), human resource management involves overseeing all things related to managing an organization s human capital.
