## RELATED BOOK :

### **The Gods of Olympus A History Barbara Graziosi**

The gods of Olympus are the most colorful characters of Greek civilization: even in antiquity, they were said to be cruel, oversexed, mad, or just plain silly. Yet for all their foibles and flaws, they proved to be tough survivors, far outlasting classical Greece itself.

### **The Gods of Olympus A History by Barbara Graziosi**

This book claims to be about the Olympian gods from "antiquity to the renaissance" and this is in my opinion a bit misleading. Graziosi devotes four parts of her six-part book to the ancient world. In fairness her observations are insightful and clearly illustrated with good examples.

#### **The Gods of Olympus A History by Barbara Graziosi**

The Gods of Olympus weighs up how the myths matter to us as they allow us to draw from the past while reflecting the question of who owns that past. This is emphasised above all via the contribution Graziosi makes, at the start of the book, to the debate over the Elgin Marbles on display in the British Museum.
