The Flamethrowers Book by Rachel Kushner Official

The Flamethrowers lives up to its incendiary title it is a brilliant, startling truly revolutionary book about the New York art world of the seventies, Italian class warfare, and youth's blind acceleration into the unknown. Kushner is a genius prose stylist, and her Reno is one of the most fully realized protagonists I've ever encountered, moving fluidly from the fringe of the fringe movement to the center of the action.

The Flamethrowers by Rachel Kushner review Books The

The Flamethrowers by Rachel Kushner review. As the book roams to the rubber plantations of Brazil, for example, where Valera tyres are made its various settings create a kind of narrative prism, refracting ideas through time and place. Its most substantial and indelible section though, is the downtown art world of 1970s New York.

Book Review THE FLAMETHROWERS by Rachel Kushner

THE FLAMETHROWERS explores the seventies and its artistic explosion through vibrant depictions from a spirited character. A brilliant work of art itself, the book challenges what it means to be a literary novel, with thrilling writing that bursts off paper and leaves your fingers singed from turning the pages.
